

About me

Software developer with hands-on experience in modern web development using React.js and Next.js. A versatile professional with over three years of experience in writing and content management, one year in book publishing, and one year in web development. Eager to leverage technical expertise and problem-solving skills in a dynamic tech environment.

My work spans from modern web development using necessary tools to get the job done to AI integrations using LangChain and OpenAI when necessary.

Experience

PEACE PUBLISHING ENTERPRISES
EDITOR / DIRECTOR OF OPERATIONS

02/23-2024 REMOTE

I oversaw the editorial process from manuscript development to final publication, ensuring high-quality output. I also monitored and optimized the publication workflow to deliver superior products.

FOLD, INC.
SOFTWARE DEVELOPER (2024 - PRESENT)

REMOTE PART-TIME

Fold, Inc. is a newly registered software agency where I worked with engineers to deliver problem-solving software for clients.

GLOBAL PRESS- INTERSHIP

2022

Where I learned the fundamentals of book printing and general printing press operations from experienced craftsmen and gained hands-on experience in the field.

GOMYCODE- INTERSHIP

06-08/2024 REMOTE

Where I worked as a junior developer, building an intuitive design using vanilla JavaScript.
